Year of completion - 2016

PROJECTS

Minimalistic blog website

Aug 2023 - Sep 2023

https://chandra-moulii.github.io/crispthoughtscorner/

React-powered blog with Auth0 for secure login, Supabase for databases, and Markdown for content creation. Cultivates vibrant discussions on tech, travel, lifestyle, and more. Fosters a dynamic community of writers and readers.

Streamlined URL-Shortener Website
Oct 2022 - Nov 2022
https://url-shortenerr.vercel.app/

It is a minimalist URL-Shortener project showcasing proficiency in vanilla HTML, CSS, and JavaScript. It leverages the Bitly API for efficient link shortening. Additionally, it offers the

convenience of generating QR codes for the shortened URLs, all wrapped in an elegantly simple design.

Simple Todo list
Feb 2023 - Feb 2023
https://todo-list-appp.web.app/

Task Manager App with Bootstrap for efficient task creation, updates, retrieval, and deletion. Offers a user-friendly interface for seamless task management and status tracking.
