Canossa English Medium School

Year of completion - 2016

PROJECTS

Minimalistic blog website

Aug 2023 - Sep 2023

<https://chandra-moulii.github.io/crispthoughtscorner/>

React-powered blog with Auth0 for secure login, Supabase for databases, and Markdown for content creation. Cultivates vibrant discussions on tech, travel, lifestyle, and more. Fosters a dynamic community of writers and readers.

Streamlined URL-Shortener Website

Oct 2022 - Nov 2022

<https://shortifyurl.vercel.app/>

It is a minimalist URL-Shortener project showcasing proficiency in vanilla HTML, CSS, and JavaScript. It leverages the Bitly API for efficient link shortening. Additionally, it offers the convenience of generating QR codes for the shortened URLs, all wrapped in an elegantly simple design.
